

NNH
NEPAL NATIONAL HOSPITAL

02/11/2020

To
Representative Director Tetsuya Fujimori
CENEGENICS JAPAN Inc.
Tokyo Japan,

We have been paying close attention to the potential of the new coronavirus severely ill patient PROMETHEUS developed by your company.

As a result of the examination, we hope to carry out clinical research on your therapeutic drug in Nepal. As a medical institution, we are able to carry out clinical trial in our hospital, after getting proper approval by you from Department of Drug Administration, Government of Nepal.

Therefore, we will form a business alliance with your company for clinical research and request the supply of 100 doses of PROMETHEUS therapeutic drug.

Sincerely,

Consultant Physician/Pulmonologist

Dr. Prakash Paudyal

Nepal National Hospital
